## 2011/2012 Services and Prices

### Game Coverage Photos

Arrange to have me come to the arena to photograph your team in action during league play. Ideally I can be provided with a list of player names and numbers prior to the game. Game fees to be paid in advance of the game. See delivery options.

Game fee	.....	\$85.00
Repeat customer game fee	.....	\$75.00
Each consecutive additional game fee	.....	\$50.00

Note that the above fees do not include the image delivery costs.

### Team Photos

Typically I come to a team practice and do an on ice team photo with special lighting equipment. This will be a more dramatic and special photo compared to the team photos purchased through the league. I would need the last 10 to 15 minutes of the practice to take the team photos. If I am provided a team logo file I can incorporate that into the image.

Team photo session fee	.....	\$40.00
------------------------	-------	---------

## Custom Player Poster Layout

Made from images captured during games and ideally a team logo file that you provide. The standard option is 12"x18" high resolution JPEG file. Various printing options are available.

The default poster preparation fee is \$50.00, but this is negotiable depending upon the the request. This covers preparation of the image files, poster layout, adding text and logos and delivering the file in a high resolution JPEG format. Other file format can be prepared upon request. Please contact me to discuss some options and request a quote.

Printing of the poster can be arranged through dunnePhoto for an additional fee, or you may arrange your own printing.

## Image delivery options

### Optical media (CD/DVD)

Basic package	.....	\$35.00
Premium Package	.....	\$45.00
Additional copies of media	.....	\$5.00

Basic package is a CD or DVD containing the post processed full resolution images in high quality (lowest compression) JPEG format.

Premium package is the same as the Basic, but adds the following files to the media:

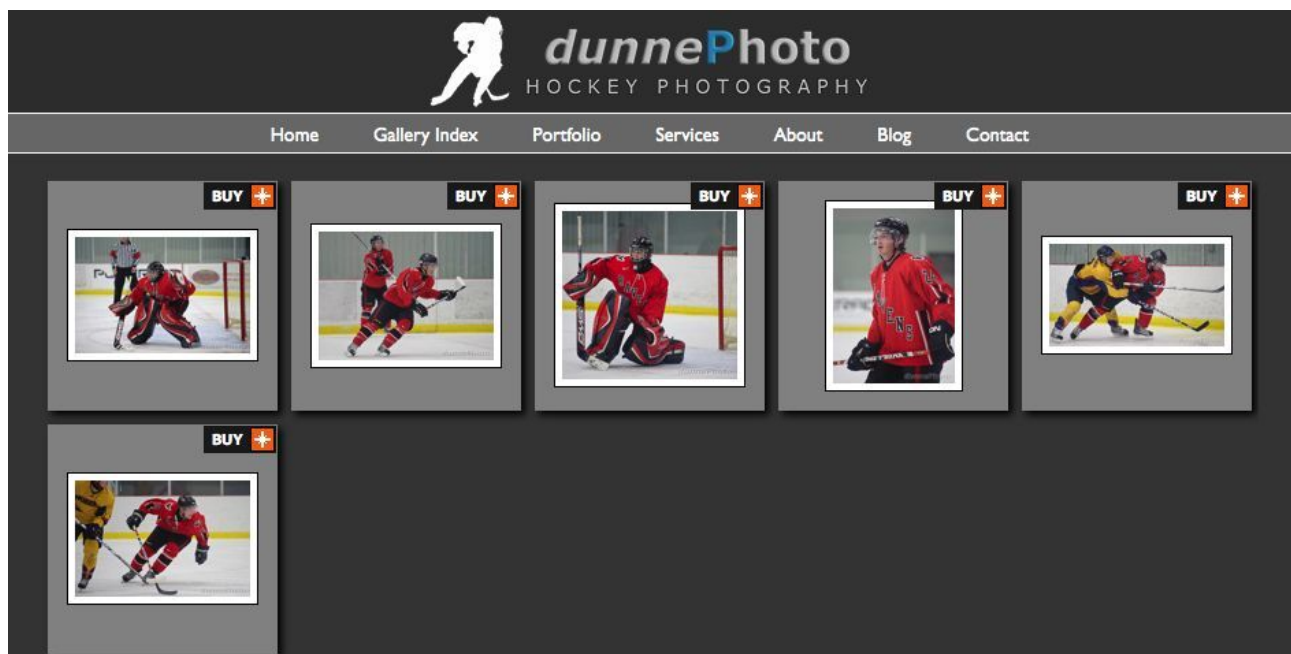

- A web gallery that can be uploaded to a hosting server
- A PDF slide show
- A copy of each photo optimized for computer viewing (e.g. good for email, wallpaper, e.t.c.)
- In addition to the files on DVD, the Premium package includes a complimentary website hosted “shopping cart” gallery that can be used for ordering printed products. See below details about the shopping cart gallery

### Web Gallery with Shopping Cart

Compared to the optical media option, the web gallery with shopping cart is less expensive for choosing a small number of image files, but becomes more expensive as the number of images purchased grows. This option also allows for the ordering of quality colour prints and download of image files. An online gallery is included in the Premium optical media package for free.

The web gallery for a team will be made public by default but can be password protected upon request. The gallery will be accessible from the [dunnePhoto](#) website will be made available for a minimum of 30 days.

Preparation of web gallery	.....	\$10.00
----------------------------	-------	---------

For individual image purchases made from gallery, see the following table for pricing.

<b>Gallery Purchase Option</b>	<b>Standard Price</b>	<b>Discounted Price (-20% with Premium Optical Package)</b>
Full resolution JPEG file <sup>1</sup>	\$5.00	N/A
5" x 7" standard print <sup>2</sup>	\$5.00	\$4.00
8" x 10" standard print	\$10.00	\$8.00
8" x 12" standard print	\$10.00	\$8.00
11" x 14" standard print	\$15.00	\$12.00
12" x 18" standard print	\$20.00	\$16.00
Custom inkjet print <sup>3</sup>	\$25.00	\$20.00

*Notes:*

1. Downloaded files are in JPEG format, sRGB colour space, and are licensed for personal use only (personal printing, computer desktop backgrounds, e.t.c.). Purchased files do *not* have the dunnePhoto watermark that is present on the gallery images. Copyright remains with dunnePhoto. Please contact dunnePhoto if you want to negotiate commercial licensing.
2. For standard prints. choose Glossy or Semi-Gloss Kodak paper for print. The price is the same for either paper. All standard prints are borderless.
3. Custom inkjet prints are normally on 13" x 19" Ilford Gold Fibre Silk paper using Epson archival pigment inks. The image size is 10" x 15" with a border and title. The price in the above table is for these specification. Alternate custom printing can be provided. Please ask for a quote.
4. All print prices include delivery within the City of Ottawa area. Delivery outside of Ottawa can be arranged for a cost.

## **The Fine Print**

- A contract must be signed prior to any images being taken. This contract confirms that you accept that all images remain under the copyright of Alan Dunne. Usage rights are assigned for personal use only. This includes personal printing, computer “wallpaper” images, and emailing to friends.
- Commercial licensing of images may be negotiated in a separate contract.
- Payment of game coverage fee and team photo fee must be made prior to the photo session.
- Payment for delivery of physical media such as prints and optical disk is made upon delivery.
- Payment for image downloads must be made in advance of the file being provided.
- Note that pricing and services may change at any time without advance notice. Please check the online version of this file at <http://www.dunnephotoc.ca/services.php>

As of October 2011, dunnePhoto regrets that electronic payment methods are not supported. This is being studied and it is hoped that this convenience will soon be offered. In the interim payment may be made by cash (Canadian currency) or by cheque. Cheques will be made to:

Alan Dunne  
625 Brierwood Avenue  
K2A 2J1  
Ottawa,

*Thank you for considering  
dunnePhoto for your imaging needs !*
